Reported by Doris Williams
 On Saturday - August 24, 2013, The Rev's Revelations Nite Club at 183rd & Pulaski in Country Club Hills, IL presents Recordplayer Recording Artist, Ricky Red Maxwell and Wavewax Recording Artist, Laini Marisa featuring The Elements of Time Band "Live In Concert". Back by an overwhelming Popular Demand on Saturday - July 24, 2013 Ricky Red Maxwell, Laini Marisa, and The Elements of Time Band were rebooked to hype-up the crowd. All of their previous concert performances were so nice that they decided to do it twice. The Elements of Time Band has years of musical experience touring, years of musical interpretation, and professionalism. Please Note that each member of the band is a star within their own rights. Frank Morrow (FD), is the drummer of the band. He played with the Chi-lites, Harold Melvin and the Blue Notes, the Intruders, and with the Stylistics. Reggie Gillerson is the bass guitarist who has played with Al Hudson, Bobbie Womack, and the Emotions. Sam Flutz (Smooth) is the lead guitarist that has played for Little Milton, Otis Clay, and has his own recording group, Silky Smooth, who has released their own CD. On the keyboards we have James Edwards (the Professor) and his most recent project was playing for Marshall Thompson on his latest single, "Hot on a Thing Called Love". One of the Music Directors for the group, Allen Martin, also plays the keyboards and has his own organization called: A.L.L.E.N. which stands for the All Love Live Entertainment Network. The lead female vocalist, Laini Marisa, starred as a lead role in the musical play, Dreamgirls in Chicago, IL. She has opened for the Temptations and last month she opened for Musiq Soulchild at the Country Club Hills Theater. The lead male vocalist, Ricky Red Maxwell, has won one of Chicago's highest Music Award honors, the Distinguished 1987 Sullivan Awards. He has toured with James Brown and B.B. King, and was the lead singer for the recording group, the Majestic Arrows and DeSoto. He has also won the Gold Medal for the Veterans Creative Arts Festival within the Music Competition Series. Ricky Red also has two new releases out entitled: "Chicago My Home Town" and "Get Your Roll-On". Maxwell believes his life has more meaning by having the opportunity to share his music throughout the entire

World. His music is both inspirational and spiritual, which makes it a delight, because what comes from the heart touches the heart. This was truly an amazing party. This concert provided life-long fans with some of their new hit releases as well as with some stanch blasts from the past. Their musical selections included Blues, Contemporary, Rhythm & Blues, Easy-Listening, Jazz, Reggae, and dance music. The D.J. kept the party going-on even between sets. Everybody was on the floor sliding, stepping, dirty-dancing, old-school bobbing, and having themselves a ball. This party is definitely for the grown and sexy crowd who wants to have a real good time. This set had a very nice mix of lovely ladies and cool gents enjoying each other's company. A lot of folks showed-up and showed-out on the dance floor. The band, with their good-sense of humor, celebrated many occasions to one and all so that no one would feel left-out, which included: birthdays, divorces, promotions, new pets, new cars, new lovers, new occupations, new homes, and a fresh start to just a good new wholesome life itself. While you are enjoying the show you must be sure to get some of Carlos's delicious chicken wings and fries. (Just make sure that you ask him to cook them soft for you.) Now girls you must be aware that Carlos does it all: he cooks, he serves, he's charming, he's friendly, he has a lot of charisma, and he will even take you for a quick spin around the dance floor. Don't forget that the next upcoming show is on Saturday - August 24, 2013 at 9:00 p.m. Tickets are only \$10 at the door. It is guaranteed to be a huge sensation, because they will be having a Birthday Bash for all Leo's. Four members of the band will be celebrating their birthdays: FD, Reggie, Smooth, and Ricky Red. Special surprise guest artists will be appearing. Thel Davis, Jr., the owner of Rev's Revelations, wants to revive live music concerts within the south suburbs. He wants to ensure that grown-folks continue to have a place where they can continue to enjoy good food, good dancing, good music, good people and good fun; all within a safe and friendly environment. To find out about upcoming future events you can text Revs to 55469. In the meantime, we hope to see you on the 24th. So please be sure to tell others, and come early to get a good seat.
